Professional Summary

Senior UI/UX Designer with 4+ years of experience delivering scalable, AI-driven digital products across enterprise SaaS platforms. Expert in centralized design systems, design governance, and platform-wide UX consistency. Proficient in AI-assisted workflows (Figma Make AI, vibe coding) to accelerate prototyping and delivery. Skilled at cross-functional collaboration with PMs, engineering, QA, and C-suite stakeholders to ship pixel-perfect, accessible, dev-ready solutions.

Work Experience

Clarivate, Noida | UI / UX DESIGNER | July 2025 - Present

- Sole UI/UX Designer for an enterprise Intellectual Property Management Suite — owning end-to-end design strategy across 6 SaaS products: IDS Builder, Patent Filing, Proofreading, Translations, Patent Illustrations, and Service Request Portal.
- Designed and shipped 4 production applications onboarded by multiple enterprise clients.
- Architecting an Agentic AI layer for patent filing automation — using Figma Make AI and vibe coding to build interactive prototypes and accelerate design-to-dev handoff.
- Built and evolved a centralized design system and UX component library — covering UI components, typography, color systems, interaction patterns, and governance documentation.
- Drive end-to-end UX research, stakeholder interviews, and usability testing across C-suite, PMs, QA, and end users — advocating WCAG, Google Material Design, and Microsoft Inclusive Design Toolkit standards.

Zensar Technologies, Pune | UI / UX DESIGNER | July 2022 - July 2025

- Collaborated within a cross-functional team of 24+ across multiple time zones and countries in a globally distributed agile/scrum environment.
- Led creation and governance of a centralized enterprise design system and UX component library — boosting UI consistency and dev speed by 40%.
- Designed multiple Power BI and Tableau dashboards for C-suite decision-making and built multiple SharePoint sites for internal and external stakeholders.
- Conducted UX audits resolving WCAG violations and applying Google Material Design and Microsoft Inclusive Design Toolkit principles; produced HTML5/CSS3 annotated dev-ready handoffs. Improved accessibility compliance from 60% to 100%.
- Ran usability and A/B testing — increasing task completion rate by 30% and reducing feedback loops by 50% through agile design sprints.

HOP Electric, Jaipur | UI / UX DESIGNER INTERN | May 2022 - July 2022

- Designed and launched a responsive, mobile-first EV booking site — increasing pre-bookings by 25% in one month.
- Developed interactive configurators and 3D visualizations, improving user engagement by 20%.
- Led user research, persona development, and usability testing — reducing navigation bounce rates by 15%.
- Delivered pixel-perfect, dev-ready interfaces within a 2-month deadline.

Skills

Design Tools

Figma, Adobe XD, Photoshop, Illustrator, Miro, Sketch, Balsamiq, Figma Make AI

UI / UX Skills

ser-Centered Design, Design Systems, Design Governance, UX Component Library, Wireframing, High-Fidelity Design, Interaction Design, Information Architecture, User Flows, Prototyping, Visual Design, Mobile-First, Responsive Design, Design Thinking, Design Sprints, Micro-interactions, Product Thinking

AI & Emerging Tools

Agentic AI Design, AI-Assisted Workflows, Vibe Coding, Figma Make AI, Conversational UX

Frontend

HTML5, CSS3, Dev Handoff Specifications, Front-End Feasibility Assessment

UX Research

Usability Testing, User Interviews, A/B Testing, Competitive Analysis, Personas, User Stories, Surveys, Qualitative & Quantitative Research

Data Visualization

Power BI, Tableau, SharePoint

Education

Studio Incubator | UI/UX Design Career Certificate (Grade-A) | Feb 2022 - May 2022

Manipal University Jaipur | BTech, Civil Engineering | April 2016 - May 2020
